

FlexiLux

SEGULA

FLEXIBLE

Flexible and fantastic diffusion, which makes the perfect choice for architectural, entertainment and hospitality installations.

BRIGHT

Latest Segula Vivid LED provides 14.4W>1180lm

UV PROTECTED

Segula durable UV-resistant silicone housing avoid being sun-dried by the sunshine effectively.

TRUE

CRI > 92 and R9 (Red) > 50
MacAdam Ellipses < 3 step

DIMMABLE

Segula latest dimming algorithm provides very smooth dimming effect with major dimming system

WATERPROOF

Injection molded provides even and diffused illumination and high waterproofing, IP67 waterproof Rating which could resistant to solvents and salt spray corrosion.

Vivid light for accentuating white and colour combinations

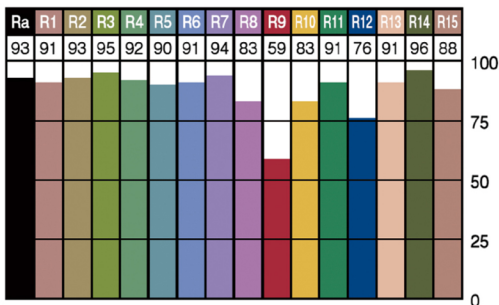

What is Segula Vivid Line?

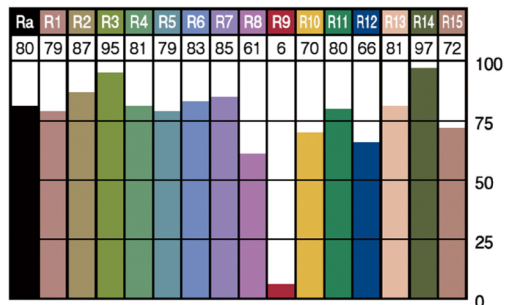

The new Segula Vivid Line is a major breakthrough in LED Technology with the color spectrum incorporate with over 1 billion colors within its wavelength. The Vivid Line provides the optional lighting balance for the space and enhance the appearance of interiors – making wood, food and skin tones appear more natural and lifelike.

Segula believes light is not just a media that provides brightness, light is the essence of visual storytelling and refined emotion.

SEGULA VIVID LED

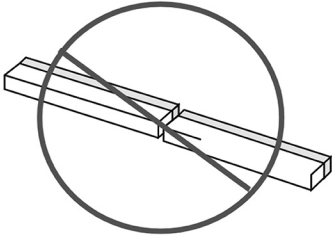

REGULAR LED

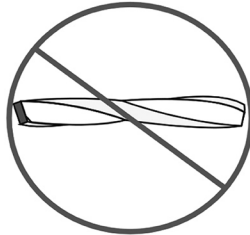

Bending

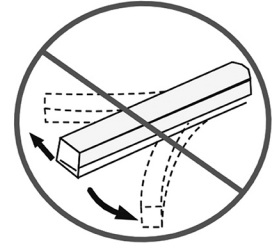

Incorrect

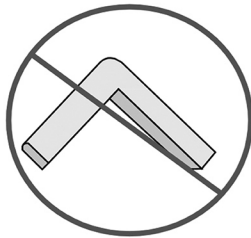

Cutting profile should be flat

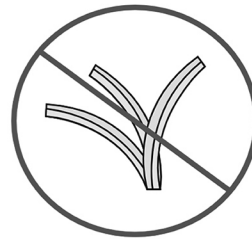

No twisting

No bending up and down the light surface

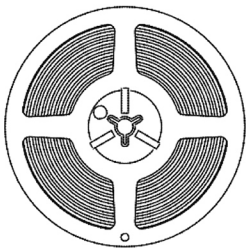

No 90° bending

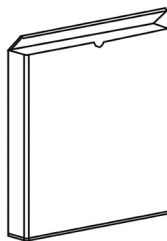

No bending repeatedly

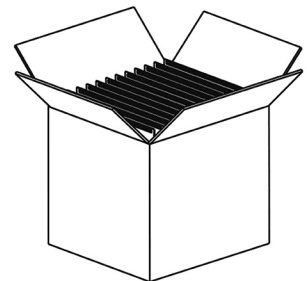

Packaging

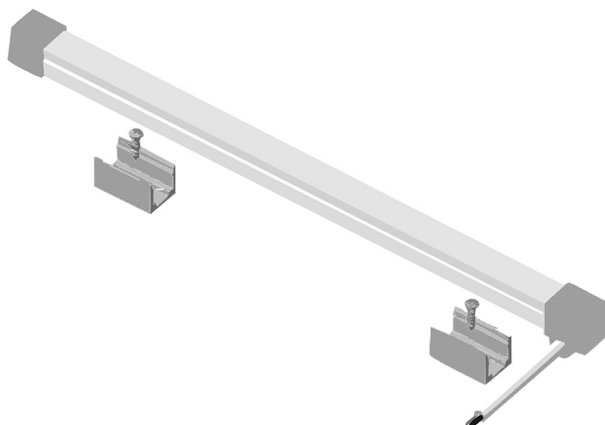

12 inch *12 mm
Standard Length: 5 meters /roll

305*305*38 mm
2 rolls per box

405*320*328
10 boxes per carton
Gross weight: 18 kgs

- 1、 to fix the clips onto the mounting surface, 3 pcs per meter recommended;
- 2、 to fix the silicon light strip into the clips

Optional Accessories

Name	Aluminum clip	Aluminum profile	Silicone glue	Steel Profile	Caps
Illustration					
Remarks	L: 20 mm	L: 1000 mm	10 ml /pc
